

ARCHIPELAGO STORE | FISHVUE LIME

Create your store account

You need an Archipelago Store account before you can activate your FishVue LIME subscription.

Open the store at store.archipelago.ca and follow the steps below.

Do you need more than one account?

Each store account links to a single account in our system. If you run several vessels that are separate legal entities with separate billing information, create a separate account for each one.

If your vessels share billing information, one account can cover all of them.

STEP 1

Open the New Customer tab

The store's welcome page has sign-in options for returning customers and a tab for new customers. Click **New Customer**.
